

Gökdeniz

Çetin

Software Developer

Location: Bursa, Türkiye
Date of birth: 26-04-2001

Number: +(90)-535-2498733 linkedin.com/in/gokdeniz
gokdenizcetins@gmail.com gokdeniz.dev (my portfolio)

I develop modern web and mobile applications using **React**, **React Native**, **Next.js**, **JavaScript**, and **Node.js**. I actively contribute to both **frontend** and **backend** development, building high-performance, scalable, and maintainable full-stack solutions. Passionate about creating excellent user experiences, writing clean and efficient code, and continuously **learning new technologies**, I aim to deliver long-term value through the products and applications I build.

Work experience

Beeasist | Software Developer

Istanbul, Türkiye | 11.2025 - Present

- Built **high-performance, responsive web applications** using **Next.js**, **React**, and **JavaScript**
- Implemented **component-based architecture** and **Tailwind CSS** to improve **UI consistency and user experience**
- Optimized application **performance and scalability** using **SSR/SSG**, **dynamic routing**, and **API integrations**
- Collaborated with cross-functional teams to deliver **maintainable and scalable frontend solutions**

Akinon | Frontend Developer

Istanbul, Türkiye | 01.2024 - 09.2025

- Worked as part of the **web development team** on **large-scale e-commerce platforms**
- Developed **SEO-optimized, high-performance interfaces** using **Next.js**
- Designed and implemented custom widgets and reusable **UI components**
- Contributed to projects for major global and local brands including **Turkcell**, **Koton**, **Clarks**, and **Lulu Hypermarket**
- Actively used the **modern JavaScript ecosystem** and **latest Next.js features** in production environments
- Improved initial page load speed by approximately 30% through rendering and performance optimizations

PenDC | Frontend Developer

Bursa, Türkiye | 09.2023 - 01.2024

- Managed client-side development of customer and internal usage panels
- Built **dynamic and data-driven interfaces** using **React.js** and **jQuery**
- Developed and maintained **admin dashboards and client-facing applications**
- Improved usability and internal workflows through **modular UI components**

ŞansTECH (iddaa.com) | Frontend Developer (Internship)

Istanbul, Türkiye | 08.2023 - 09.2023

- Worked within the **iddaa.com team** on a **large-scale, high-traffic platform**
- Developed features using **Next.js**, **Redux**, and **WebSocket** technologies
- Contributed to both **customer-facing interfaces** and **admin dashboard applications**

Kodline Software | Frontend Developer

Balıkesir, Türkiye | 01.2022 - 07.2023

- Collaborated with a **JavaScript-focused development team** to build **Web3 platform frontends**
- Developed **responsive and scalable user interfaces** using **Next.js** and **React.js**
- Contributed to **smart contract-related frontend integrations** and supported multiple internal projects
- Assisted in improving **API security practices** and frontend performance

Maysan Mando | Information Technology Technician

Bursa, Türkiye | 09.2018 - 09.2019

- Provided hands-on support in **server management, hardware, and IT infrastructure**
- Assisted in **system setup, troubleshooting, and internal technical support** for company staff
- Gained **enterprise IT experience** through a 9-month internship and full-time role.

Education

Balikesir University | Bachelor's Degree in Computer Science

Balıkesir, Türkiye | 09.2019 - 06.2023

Graduated with **3rd place ranking** in the department, Focused on **software development, algorithms, and web technologies**

Nur Hayati Kurtcan MTAL | High School Information Technologies Department

Bursa, Türkiye | 09.2015 - 06.2019

Graduated as **1st place** in the department, Specialized in **computer science fundamentals and IT systems**
